

APPENDIX C: List of Preparers

FEDERAL TRANSIT ADMINISTRATION

Joseph Ossi. Office of Planning.
Raymond Sukys. Director of Planning and Program Development.
Sean Libberton, Chief of Planning
Dwayne Weeks. A.I.C.P., Community Planner.
Jerome Wiggins. Community Planner.

SACRAMENTO REGIONAL TRANSIT DISTRICT (RT)

Dr. Beverly A. Scott, Ph.D – General Manager and Chief Executive Officer.
John Segerdell – Prior Assistant General Manager for Engineering and Construction & Project Manager for South Sacramento Corridor Phase 2.
Diane Nakano – Assistant General Manager for Engineering and Construction & Project Manager for South Sacramento Corridor Phase 2.
Michael Wiley – Assistant General Manager for Planning & Transit System Development
Taiwo Jaiyeoba – Director of Planning
Mark Lonergan. Chief Operating Officer.
Mark Gilbert – Attorney, RT Legal Counsel.
Richard Davis – Former Chief Financial Officer
Donald C. Smith. Senior Administrative Analyst.
David Melko. Former Project Manager, South Sacramento Corridor, Phase 2.
Doug Wentworth. Former Director, Planning and Information Services
Cameron Beach – Former Chief Operating Officer.
Azadeh Doherty – Former Planning Manager.
Sheryl N. Patterson – Attorney, Former Legal Counsel.

PARSONS

Jeffrey B. Allen, Principal Transportation Planner. Master of City and Regional Planning. Mr. Allen has 22 years of experience in transportation planning. He prepared the energy and electromagnetic radiation (EMF/EMI) sections.

Pat M. Gelb, Planning Manager, Principal Author. M.A., Literature. Ms. Gelb has over 30 years experience in transportation planning and preparation and processing of environmental documents and permitting for FTA, FHWA, Caltrans, and other state and local agencies. She supervised the preparation of technical studies and is responsible for overall document content and preparation of this document.

Theresa M. Larson, P.E., Senior Project Manager. B.S., Civil Engineering. Ms. Larson has over 21 years of experience in project management, civil engineering, and environmental documentation of public works projects. She provided quality assurance for the document sections.

Kate Lewis, Environmental Planner. B.A., Anthropology with an emphasis in Environmental Studies. Ms. Lewis has one year of environmental planning and nine years of technical documentation experience. She prepared the second administrative SDEIS/SDEIR Alternatives Noise and Vibrations section.

Dave J. Mansen, Vice President, Consultant Project Manager, Principal Author. M.S., Urban Planning. Mr. Mansen has 28 years of experience managing multi-disciplined transportation, land use and environmental planning projects for FTA, FRA, and State and local agencies. He provided overall project management, supervised the preparation of technical studies, and is responsible for overall document content.

Andrew Nash, P.E., Project Planner. M. Eng. Civil Engineering, M. City Planning. Mr. Nash has over twenty years of experience in transportation, engineering, and planning. He has assisted in revising the second administrative draft.

Karla J. Nicholas, Principal Planner. Nicholas has 24 years of experience in environmental and transportation planning. She prepared the aesthetics, biological resources, environmental justice, growth inducement sections, and supervised preparation of the land use, farmland, socioeconomic, parks and recreation, and public facility sections.

Ljubica B. Osgood, Graphics Designer. B.F.A. Ms. Osgood has over 31 years of experience in the supervision and design of graphics and presentation materials. She prepared the document graphics.

Laura J. Prickett, A.I.C.P., Principal Planner. M.C.P. Ms. Prickett has over eight years of experience conducting environmental, transportation and land use planning analyses, and coordinating public involvement programs. She supervised preparation of technical studies, and prepared the first administrative SDEIS/SDEIR cultural resources, geological and seismic, floodplain/water quality, air quality, noise and vibration, and CEQA sections.

Craig Richey, Assistant Planner. B.A., Literature. Mr. Richey has one year of experience in environmental and transportation planning. He was responsible for the land use, farmlands, socioeconomics, public facilities, recreation and safety, and security sections.

Elia Rouzier, Supervisor of Word Processing. Mrs. Rouzier has over 15 years experience in producing complex environmental documentation. She was responsible for overall document preparation and production.

Gui Shearin, Principal Transportation Planner. Ph.D., Transportation Planning. Mr. Shearin has 23 years of experience in evaluating travel demand, traffic forecasting, and land use/socioeconomic studies. He prepared the Transportation and Purpose and Need sections and supplemented the seismicity section.

Indu Sreedevi, Transportation Planner. M.S., Transportation Engineering. Ms. Sreedevi has three years of experience in transportation, engineering, and planning. She has assisted in revising the second administrative draft.

M. Chukwuma Umolu, P.E., Principal Civil Engineer. M.S., Civil Engineering. Mr. Umolu has 18 years of civil engineering experience on major rail transit projects in California. Responsibilities included preliminary and track engineering for the South Corridor project.

David Wemmer, P.E., Transportation/Rail Transit Manager. B.S., Civil Engineering. Mr. Wemmer has more than 20 years of experience in the railroad industry (freight, commuter and light rail). He supervised preliminary engineering and prepared the construction scenario for the LRT alternative.

Jeanne Hazemoto, Supervisor of Production W.P. Ms. Hazemoto was responsible for document production of the second administrative and circulation SDEIS/SDEIR.

ACANTHUS

Andrea D. Kincaid, Architect. B.A., Architecture. Ms. Kincaid has 25 years of experience in architecture, planning and urban design. Acanthus was responsible for conceptual station design and cost estimation.

DKS ASSOCIATES

John Long, P.E., Principal. M.S., Transportation Engineering. Mr. Long has 26 years of experience in regional transportation planning and corridor studies. He was responsible for travel modeling, travel demand forecasting, operational components of the project alternatives, parking demand, and traffic operations analysis.

Bruce Griesenbeck, Senior Transportation Analyst. M.C.P.; M.S., Civil Engineering. Mr. Griesenbeck has 13 years experience in transportation planning and analysis. He assisted in travel modeling, travel demand forecasting, parking demand, operational features of the project alternatives, and traffic operations analysis.

Ron West, Senior Planner. M.C.R.P. Mr. West has 16 years of experience in travel demand model development and applications, multi-modal analysis, and transit feasibility studies. He assisted in travel demand forecasting, travel modeling, and parking demand as well as operational components of the project alternatives.

Pelle Clarke, Senior Engineer. M.B.A., Transportation Engineering. Mr. Clarke has 13 years of experience in traffic engineering, transportation planning and analysis. He assisted with the operational components of the project alternatives and traffic operations analysis.

FAR WESTERN ANTHROPOLOGICAL RESEARCH GROUP, INC.

Larry Chiea, Archaeologist/Graphics Artist. B.A., Anthropology. Mr. Chiea has worked on archaeological projects in central and north-central California since 1991. He assisted in the archaeological technical studies and report production.

Allika Ruby, Archaeologist. B.A., Anthropology (with honors). Ms. Ruby has 11 years of field experience in California and Nevada, with an emphasis in central California. She performed archaeological survey work and contributed to the technical report.

Sharon Waechter, Senior Archaeologist. Principal Investigator. M.A., Anthropology and English/Writing. Ms. Waechter has over 20 years experience in archaeological survey, excavation, analysis, research, public interpretation, and Native American consultation in California and Nevada. She supervised the conduct of the archaeological research and field work and preparation of the technical report.

HARRIS MILLER MILLER & HANSON

Lance Meister, Senior Consultant. B.S., Civil Engineering. Mr. Meister has seven years experience in rail related noise and vibration projects. He performed the noise and vibration studies and was responsible for the technical report.

David Towers, P.E., Principal Engineer. M.S., Mechanical Engineering. Mr. Towers has over 25 years experience working on environmental, industrial, and architectural noise and vibration control projects. Mr. Towers supervised the conduct of the noise and vibration studies and preparation of the technical report.

Katherine Baus, Consultant. B.S., Mechanical Engineering. Ms. Baus has two years experience working on environmental noise and vibration control projects. She contributed to the noise and vibration studies and technical report.

JRP HISTORICAL CONSULTING SERVICES

Rebecca Meta Bunse, Project Manager. M.A., Public History. Ms. Bunse is the Senior Historian for this project. Ms. Bunse has over 12 years experience conducting cultural resources management projects, including extensive field recordation of historic properties throughout the state of California. She supervised the conduct of the historical resources research and field work and is responsible for the content of the technical report.

Toni Webb, Architectural Historian. B.F.A., Historic Preservation. Ms. Webb conducted field surveys and prepared the contextual statement, building forms, graphics and evaluations for this report. She has over four years of experience in public history and historic preservation and in field recordation on historic sites in the state of California.

Amanda Blosser, Architectural Historian. M.S., Historic Preservation. Ms. Blosser assisted with field survey, building forms and evaluations. She has over three years of experience in public history and historic preservation.

Eric Johnson, Research Assistant. Masters – pending, Public History. Mr. Johnson assisted in the field survey and in the production of inventory forms, graphics and maps.

MEAD & HUNT

Jack Buckley, Senior Associate. M.S., Civil Engineering. Mr. Buckley has 39 years of experience in flood plain modeling. He was responsible for conducting flood plain mapping and calculating hydraulic impacts for the project.

NANCY WHELAN CONSULTING

Nancy E. Whelan, Principal. M.P.A., Intergovernmental Management. Ms. Whelan has over 20 years experience in public transportation funding, capital planning, project development, policy development, and management. She was responsible for the financial planning and analysis for the project.

Walt Streeter, Senior Associate. M.S., Transportation Engineering / City and Regional Planning. Mr. Streeter has over 10 years of multi-modal transportation planning and funding experience. He assisted in financial planning and analysis for the report.

PSOMAS

Robert Blume, P.E., Project Manager. B.S., Civil Engineering. Mr. Blume has over 20 years of transportation design and construction experience. Psomas provided engineering services as well as local coordination and support in utility and site design.

Larry Johnson, Licensed Land Surveyor, Survey Project Manager. B.S., Civil Engineering. Mr. Johnson has 25 years of experience in land surveying and was responsible for surveying, topographic mapping and providing right of way information.

PUBLIC AFFAIRS MANAGEMENT

Ben Strumwasser, Principal. M.S., Political Science. Mr. Strumwasser has 16 years experience in public outreach, consensus building, and conflict resolution, for land use planning, transportation, water supply, and infrastructure improvements. He was the public outreach team leader and meeting facilitator for the project and responsible for the public participation program and technical report.

Karen Sarlo, Project Manager. B.A., Communication. Ms. Sarlo has over 25 years of experience in community outreach and media management for public and private projects. She developed contact information and mailing lists, providing meeting logistics and support, prepared newsletters, fact sheets, brochures and a Web site, and coordinated media relations. She also contributed to the public participation program and technical report.

Jessica Lewman, Project Coordinator. B.A., International Relations (Spanish-minor). With three years of experience, writing and designing public information, press releases and marketing materials, Ms. Lewman was responsible for meeting logistics and support.

TABER CONSULTANTS

Franklin P. Taber, P.E., Vice President/Senior Geotechnical Engineer. B.S., Civil Engineering. Mr. Taber prepared an initial data review and the Geologic Setting/ Geologic Hazard technical report. He has more than 25 years experience in preparing geotechnical studies for public works projects.

Martin McIlroy, Registered Geologist, Staff Geologist. B.S., Geology. Mr. McIlroy has more than seven years experience in conducting geologic/geotechnical studies throughout the state of California. He gathered geologic and boring data and performed an initial field review. His assignments have included logging test borings and conducting geologic/geotechnical studies.

TERRY A. HAYES ASSOCIATES LLC

Terry A. Hayes, A.I.C.P., Principal. M.C.P. Mr. Hayes has nearly 30 years of experience in urban and environmental planning, specializing in noise and air quality. He was responsible for direction and oversight of the air quality studies and the technical report.

Bob Stark, A.I.C.P., Senior Planner. M.S., City and Regional Planning. Mr. Stark has six years experience in urban and environmental planning, specializing in noise and air quality. He provided expertise in the air quality impact analysis and overall project management.

Teresa Li, Environmental Planner. B.A., Urban Studies and Planning. Ms. Li has over three years experience in urban studies and planning, specializing in noise and air quality. She was responsible for the air quality analyses and technical report.

THE HOYT COMPANY

Wendy J. Hoyt, President. Masters in Transportation Planning. Ms. Hoyt has 23 years experience specializing in the area of transportation solutions. She was responsible for developing stakeholder and decision maker contacts and local liaison.

Nikole J. Pock, Project Manager - Community Relations. B.A., Journalism and Mass Communication. Ms Pock has seven years experience in conducting community marketing analyses, coordinating community meetings and open houses and overseeing various event logistics. She assisted in coordinating community meetings and open houses and meeting logistics and support. She also provided local stakeholder and agency/association contact information.

CONSULTANT CONTRACT AND SUBCONTRACT DOLLAR AMOUNTS

Under Government Code 7550, when the cost to prepare a document is more than \$5,000, the document must contain a separate section listing the contracts and subcontracts and their dollar amounts relating to the preparation of the document. This list is provided below.

CONSULTANT	RESPONSIBILITIES	FEE
Parsons Corporation	Project Management; Definition of Alternatives; Capital Cost Estimates; Hydrology and Water Quality; Hazardous Materials; SDEIS/SDEIR Management & Preparation; Construction Scenario/Impacts; Biology; Energy; Socioeconomic; Environmental Justice; Parklands; Section 4(f) Evaluation	\$4,431,125
Acanthus	Architecture	\$124,400
DKS Associates	Transportation Modeling; Traffic Analysis	\$785,018
Far Western Anthropological Research Group	Pre-historic Cultural Resources	\$24,596
Harris Miller Miller & Hanson	Noise and Vibration Analysis	\$132,938
The Hoyt Company	Land use; Public Outreach	\$275,132
Jones & Stokes	Archaeological Data	\$5,018
JRP Historical Consulting Services	Historic Cultural Resources	\$47,165
Mead & Hunt	Hydraulic Studies	\$17,000
Nancy Whelan Consulting Services	Financial Planning Support	\$189,380
Psomas	Civil Engineering	\$559,149
Public Affairs Management	Public Outreach	\$428,139
Taber Consultants	Geology, Soils & Seismicity	\$71,643
Terry A. Hayes Associates	Air Quality Analysis/Conformity	\$30,539

Parsons Brinckerhoff	Land Use Assessment for New Starts	\$46,086
Golder Assoc	Risk Assessment	\$29,348
TOTAL – ALL CONSULTANTS		\$7,196,676
